The Greek Economy: Past, Present And Future

Nicholas G. Pirounakis

promote long term economic growth? The Greek Economy: Past, Present and Future by Pirounakis. During the Greek economic crisis a focus on energy practice highlights the temporal complexities, material connectivity to the past, present, and future. Greek Images for The Greek Economy: Past, Present And Future Last February, we had the opportunity to exchange with Costas Lapavitasas in an event where Marta Prat, Laia Altarriba and Joao França exchanged with this.
